

Howbery

BUSINESS PARK - WALLINGFORD

A THRIVING BUSINESS ENVIRONMENT

IT'S THE REAL CHARACTER OF HOWBERY BUSINESS PARK THAT SETS IT APART

Howbery Business Park's classic tree-lined avenues and riverside setting is a far-cry from the lacklustre environments of many business parks.

Set in the grounds of a former manor house on the banks of the River Thames at Wallingford, over the past 20 years the Park has developed into a thriving community – home to those businesses who want something a bit different.

The blend of old-world charm contrasts neatly with ambitious new architecture and building technologies – part of the commitment to sustainability that has become a cornerstone of Howbery Park's vision for the future.

Add to this a range of on-site amenities, and you have a formula for work-life balance that is hard to resist.

WHERE PEOPLE COME FIRST...

Howbery has created a unique sense of belonging for its tenants, with a management team dedicated to supporting growth and development.

From the smaller enterprises to the larger corporate tenants everyone is cherished and looked after, ensuring that not only the needs of the businesses are catered for, but also those of everyone working on the Park.

On-site amenities include:

- Restaurant and catering services
- Delibar and coffee lounge
- Gym and all-weather sports pitch
- Conference facilities
- Nursery facilities
- Sports and Social club
- Riverside boating/canoeing facilities
- Super-fast broadband and wifi
